Dear Ms. Burns:

The Utah State Historic Preservation Office has reviewed our cultural resource files for the requested area of potential effect. No known historic properties have been recorded within the project area because no historic properties' surveys have been conducted.

Our office understands that a survey will be completed of the area of potential effect. USHPO will review the survey when completed and comment as directed by §36 CFR 800.

This information is provided to assist in identifying historic properties, per §36CFR800 for Section 106 consultation procedures. If you have questions, please contact me at (801) 533-3555. My email address is: jdykman@utah.gov

As ever,

James L. Dykmann
Deputy State Historic
Preservation Officer - Archaeology
